SAMPLE DATA · invented figures for demonstration

Which products and services are growing?

Period: October 2025. Revenue, gross margin and growth (year on year) by product or service line over 24 months. Pick a line and every number, chart and note follows it.

How final is this data?

October 2025 Locked October 2025 is locked (closed 4 Nov 2025). These numbers won't change.

Services

Gross margin, not profit

Gross margin is not profit. Gross margin = revenue less contractors and consultant time charged to the work at $60 an hour (wages and all on-costs). Not included: consultant time not charged to clients, and overheads (management and admin wages, marketing, rent, IT, insurance, travel, depreciation, interest). Profit is what's left after those. Wages include their on-costs: super (12%) and leave as it's earned. No payroll tax: wages are under Queensland's $1.3 million threshold.

From gross margin to profit

October's client work made $53,010 gross margin (67.5%). Consultant time not charged to client work took $26,820 and overheads $51,070, leaving ($24,880) profit before tax ((31.7%) of revenue). To cover overheads, client work needs a 99.2% gross margin on average.

Gross margin on client work	$53,010
Consultant wages and on-costs	$50,160
Consultant time charged to client work (at cost)	$23,340
Consultant time not charged to client work	$26,820
Gross profit (the P&L)	$26,190
Overheads (operating expenses, depreciation, interest)	$51,070
Profit before tax (the P&L)	($24,880)
Revenue	$78,550
Gross margin on client work, %	67.5%
Profit before tax, % of revenue	(31.7%)
Gross margin client work need just to cover overheads and time not charged	**99.2%**
