SAMPLE DATA · invented figures for demonstration

Which products and services are growing?

Period: October 2025. Revenue, gross margin and growth (year on year) by product or service line over 24 months. Pick a line and every number, chart and note follows it.

How final is this data?

October 2025 Locked October 2025 is locked (closed 4 Nov 2025). These numbers won't change.

Trades

Gross margin, not profit

Gross margin is not profit. Job gross margin = revenue less materials, subcontractors and technician time charged to the job at $68 an hour (wages and all on-costs). Not included: technician time not charged to any job (travel, training, waiting), and overheads (office wages, marketing, vehicles, rent, insurance, IT, depreciation, interest). Profit is what's left after those. Wages include their on-costs: super (12%) and leave as it's earned. No payroll tax: wages are under Queensland's $1.3 million threshold.

From gross margin to profit

October's jobs made $64,114 gross margin (44.7%). Technician time not charged to jobs took $31,056 and overheads $57,980, leaving ($24,922) profit before tax ((17.4%) of revenue). To cover overheads, jobs need a 62.0% gross margin on average.

Gross margin on jobs	$64,114
Technician wages and on-costs	$68,218
Technician time charged to jobs (at cost)	$37,162
Technician time not charged to jobs	$31,056
Gross profit (the P&L)	$33,058
Overheads (operating expenses, depreciation, interest)	$57,980
Profit before tax (the P&L)	($24,922)
Revenue	$143,566
Gross margin on jobs, %	44.7%
Profit before tax, % of revenue	(17.4%)
Gross margin jobs need just to cover overheads and time not charged	**62.0%**
