Example report · SMEs

SAMPLE DATA · invented figures for demonstration

Which products and services are growing?

Period: November 2025. Revenue, gross margin and growth (year on year) by product or service line over 24 months. Pick a line and every number, chart and note follows it.

How final is this data?

November 2025 Locked November 2025 is locked (closed 2 Dec 2025). These numbers won't change.

Services

Gross margin, not profit

Gross margin is not profit. Gross margin = revenue less contractors and consultant time charged to the work at $60 an hour (wages and all on-costs). Not included: consultant time not charged to clients, and overheads (management and admin wages, marketing, rent, IT, insurance, travel, depreciation, interest). Profit is what's left after those. Wages include their on-costs: super (12%) and leave as it's earned. No payroll tax: wages are under Queensland's $1.3 million threshold.

From gross margin to profit

November's client work made $61,435 gross margin (66.4%). Consultant time not charged to client work took $18,060 and overheads $51,270, leaving ($7,895) profit before tax ((8.5%) of revenue). To cover overheads, client work needs a 74.9% gross margin on average.

Gross margin on client work	$61,435
Consultant wages and on-costs	$45,600
Consultant time charged to client work (at cost)	$27,540
Consultant time not charged to client work	$18,060
Gross profit (the P&L)	$43,375
Overheads (operating expenses, depreciation, interest)	$51,270
Profit before tax (the P&L)	($7,895)
Revenue	$92,575
Gross margin on client work, %	66.4%
Profit before tax, % of revenue	(8.5%)
Gross margin client work need just to cover overheads and time not charged	**74.9%**
