SAMPLE DATA · invented figures for demonstration

Which products and services are growing?

Period: December 2025. Revenue, gross margin and growth (year on year) by product or service line over 24 months. Pick a line and every number, chart and note follows it.

How final is this data?

December 2025 Locked December 2025 is locked (closed 5 Jan 2026). These numbers won't change.

Services

Gross margin, not profit

Gross margin is not profit. Gross margin = revenue less contractors and consultant time charged to the work at $60 an hour (wages and all on-costs). Not included: consultant time not charged to clients, and overheads (management and admin wages, marketing, rent, IT, insurance, travel, depreciation, interest). Profit is what's left after those. Wages include their on-costs: super (12%) and leave as it's earned. No payroll tax: wages are under Queensland's $1.3 million threshold.

From gross margin to profit

December's client work made $52,080 gross margin (68.0%). Consultant time not charged to client work took $26,760 and overheads $51,260, leaving ($25,940) profit before tax ((33.9%) of revenue). To cover overheads, client work needs a 101.9% gross margin on average.

Gross margin on client work	$52,080
Consultant wages and on-costs	$47,880
Consultant time charged to client work (at cost)	$21,120
Consultant time not charged to client work	$26,760
Gross profit (the P&L)	$25,320
Overheads (operating expenses, depreciation, interest)	$51,260
Profit before tax (the P&L)	($25,940)
Revenue	$76,600
Gross margin on client work, %	68.0%
Profit before tax, % of revenue	(33.9%)
Gross margin client work need just to cover overheads and time not charged	**101.9%**

Type of work: All
