SAMPLE DATA · invented figures for demonstration

Which products and services are growing?

Period: December 2025. Revenue, gross margin and growth (year on year) by product or service line over 24 months. Pick a line and every number, chart and note follows it.

How final is this data?

December 2025 Locked December 2025 is locked (closed 5 Jan 2026). These numbers won't change.

Trades

Gross margin, not profit

Gross margin is not profit. Job gross margin = revenue less materials, subcontractors and technician time charged to the job at $68 an hour (wages and all on-costs). Not included: technician time not charged to any job (travel, training, waiting), and overheads (office wages, marketing, vehicles, rent, insurance, IT, depreciation, interest). Profit is what's left after those. Wages include their on-costs: super (12%) and leave as it's earned. No payroll tax: wages are under Queensland's $1.3 million threshold.

From gross margin to profit

December's jobs made $65,657 gross margin (43.7%). Technician time not charged to jobs took $22,821 and overheads $57,350, leaving ($14,514) profit before tax ((9.7%) of revenue). To cover overheads, jobs need a 53.3% gross margin on average.

Gross margin on jobs	$65,657
Technician wages and on-costs	$65,117
Technician time charged to jobs (at cost)	$42,296
Technician time not charged to jobs	$22,821
Gross profit (the P&L)	$42,836
Overheads (operating expenses, depreciation, interest)	$57,350
Profit before tax (the P&L)	($14,514)
Revenue	$150,283
Gross margin on jobs, %	43.7%
Profit before tax, % of revenue	(9.7%)
Gross margin jobs need just to cover overheads and time not charged	**53.3%**
