SAMPLE DATA · invented figures for demonstration

Which products and services are growing?

Period: February 2026. Revenue, gross margin and growth (year on year) by product or service line over 24 months. Pick a line and every number, chart and note follows it.

How final is this data?

February 2026 Locked February 2026 is locked (closed 3 Mar 2026). These numbers won't change.

Services

Gross margin, not profit

Gross margin is not profit. Gross margin = revenue less contractors and consultant time charged to the work at $60 an hour (wages and all on-costs). Not included: consultant time not charged to clients, and overheads (management and admin wages, marketing, rent, IT, insurance, travel, depreciation, interest). Profit is what's left after those. Wages include their on-costs: super (12%) and leave as it's earned. No payroll tax: wages are under Queensland's $1.3 million threshold.

From gross margin to profit

February's client work made $74,255 gross margin (67.0%). Consultant time not charged to client work took $12,120 and overheads $51,460, leaving $10,675 profit before tax (9.6% of revenue). To cover overheads, client work needs a 57.4% gross margin on average.

Gross margin on client work	$74,255
Consultant wages and on-costs	$45,600
Consultant time charged to client work (at cost)	$33,480
Consultant time not charged to client work	$12,120
Gross profit (the P&L)	$62,135
Overheads (operating expenses, depreciation, interest)	$51,460
Profit before tax (the P&L)	$10,675
Revenue	$110,835
Gross margin on client work, %	67.0%
Profit before tax, % of revenue	9.6%
Gross margin client work need just to cover overheads and time not charged	**57.4%**
