SAMPLE DATA · invented figures for demonstration

Which products and services are growing?

Period: February 2026. Revenue, gross margin and growth (year on year) by product or service line over 24 months. Pick a line and every number, chart and note follows it.

How final is this data?

February 2026 Locked February 2026 is locked (closed 3 Mar 2026). These numbers won't change.

Trades

Gross margin, not profit

Gross margin is not profit. Job gross margin = revenue less materials, subcontractors and technician time charged to the job at $68 an hour (wages and all on-costs). Not included: technician time not charged to any job (travel, training, waiting), and overheads (office wages, marketing, vehicles, rent, insurance, IT, depreciation, interest). Profit is what's left after those. Wages include their on-costs: super (12%) and leave as it's earned. No payroll tax: wages are under Queensland's $1.3 million threshold.

From gross margin to profit

February's jobs made $98,246 gross margin (44.9%). Technician time not charged to jobs took $12,920 and overheads $59,320, leaving $26,006 profit before tax (11.9% of revenue). To cover overheads, jobs need a 33.0% gross margin on average.

Gross margin on jobs	$98,246
Technician wages and on-costs	$72,352
Technician time charged to jobs (at cost)	$59,432
Technician time not charged to jobs	$12,920
Gross profit (the P&L)	$85,326
Overheads (operating expenses, depreciation, interest)	$59,320
Profit before tax (the P&L)	$26,006
Revenue	$218,908
Gross margin on jobs, %	44.9%
Profit before tax, % of revenue	11.9%
Gross margin jobs need just to cover overheads and time not charged	**33.0%**
