SAMPLE DATA · invented figures for demonstration

Which products and services are growing?

Period: March 2026. Revenue, gross margin and growth (year on year) by product or service line over 24 months. Pick a line and every number, chart and note follows it.

How final is this data?

March 2026 Locked March 2026 is locked (closed 2 Apr 2026). These numbers won't change.

Services

Gross margin, not profit

Gross margin is not profit. Gross margin = revenue less contractors and consultant time charged to the work at $60 an hour (wages and all on-costs). Not included: consultant time not charged to clients, and overheads (management and admin wages, marketing, rent, IT, insurance, travel, depreciation, interest). Profit is what's left after those. Wages include their on-costs: super (12%) and leave as it's earned. No payroll tax: wages are under Queensland's $1.3 million threshold.

From gross margin to profit

March's client work made $80,495 gross margin (66.4%). Consultant time not charged to client work took $24,072 and overheads $51,560, leaving $4,863 profit before tax (4.0% of revenue). To cover overheads, client work needs a 62.4% gross margin on average.

Gross margin on client work	$80,495
Consultant wages and on-costs	$60,192
Consultant time charged to client work (at cost)	$36,120
Consultant time not charged to client work	$24,072
Gross profit (the P&L)	$56,423
Overheads (operating expenses, depreciation, interest)	$51,560
Profit before tax (the P&L)	$4,863
Revenue	$121,215
Gross margin on client work, %	66.4%
Profit before tax, % of revenue	4.0%
Gross margin client work need just to cover overheads and time not charged	**62.4%**
