SAMPLE DATA · invented figures for demonstration

Which jobs actually make money?

Period: June 2026. Every job's gross margin: revenue less materials, subcontractors and technician time at $68 an hour (fully loaded: wages and all on-costs). Pick a type of job and every number, chart and note on the page follows it.

How final is this data?

June 2026 Locked June 2026 is locked (closed 2 Jul 2026). These numbers won't change.

In short: Jobs made a 44.8% gross margin in June: maintenance contracts the most (63.9%), installations the least (36.2%).

Gross margin, not profit

Gross margin is not profit. Job gross margin = revenue less materials, subcontractors and technician time charged to the job at $68 an hour (wages and all on-costs). Not included: technician time not charged to any job (travel, training, waiting), and overheads (office wages, marketing, vehicles, rent, insurance, IT, depreciation, interest). Profit is what's left after those. Wages include their on-costs: super (12%) and leave as it's earned. No payroll tax: wages are under Queensland's $1.3 million threshold.

From gross margin to profit

June's jobs made $86,532 gross margin (44.8%). Technician time not charged to jobs took $27,397 and overheads $59,260, leaving ($125) profit before tax ((0.1%) of revenue). To cover overheads, jobs need a 44.9% gross margin on average.

Gross margin on jobs	$86,532
Technician wages and on-costs	$79,587
Technician time charged to jobs (at cost)	$52,190
Technician time not charged to jobs	$27,397
Gross profit (the P&L)	$59,135
Overheads (operating expenses, depreciation, interest)	$59,260
Profit before tax (the P&L)	($125)
Revenue	$193,032
Gross margin on jobs, %	44.8%
Profit before tax, % of revenue	(0.1%)
Gross margin jobs need just to cover overheads and time not charged	**44.9%**

Job gross margin on each installation invoiced in June 2026

Gross margin %

Gross margin $

What it shows

0 of the 5 installation jobs invoiced in June made less than the 35.0% job gross margin target. The Installation J-2523 made a 35.8% job gross margin: 58.0 h of technician time ($3,944) and $1,200 of subcontractors on a $16,900 job. Jobs need 44.9% gross margin just to cover overheads.

What you'd do about it

Every installation cleared the 35.0% target. Most profitable: Installation J-2522 (37.1%).

Type of job: Call-outs and repairs

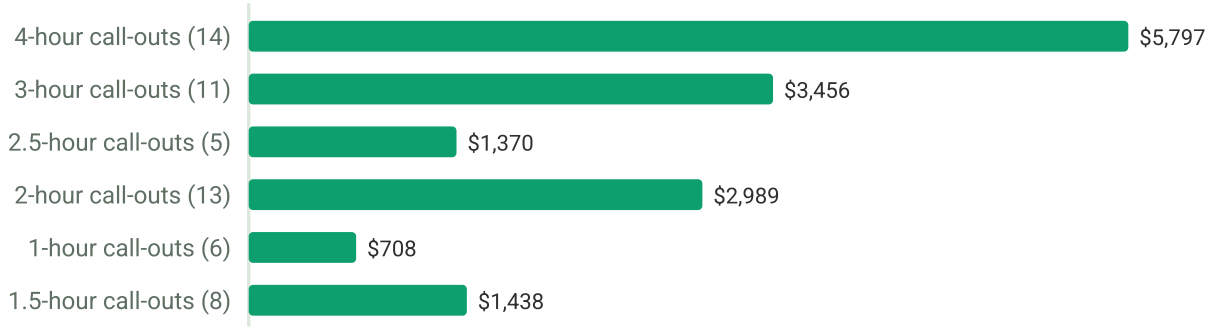

Job gross margin, June · Call-outs and repairs	Job gross margin, May · Call-outs and repairs	Gross margin jobs need to break even	Technician time charged, June	Materials charged, June
49.1%	**48.6%**	**44.9%**	**$23,723**	**$8,359**
target 35.0%	target 35.0%	covers overheads and time not charged (June)	73.9% of call-out revenue	$6,430 at cost, plus 30%

Job gross margin on call-outs by length, June 2026

Gross margin %

Gross margin $

What it shows

57 call-outs in June billed $23,723 of technician time and $8,359 of materials ($6,430 at cost plus 30%), and made a 49.1% job gross margin between them. Gross margins run from 44.5% to 51.8% by length: the hourly rate covers technician time comfortably, so the gross margin mostly moves with how much material goes on the van.

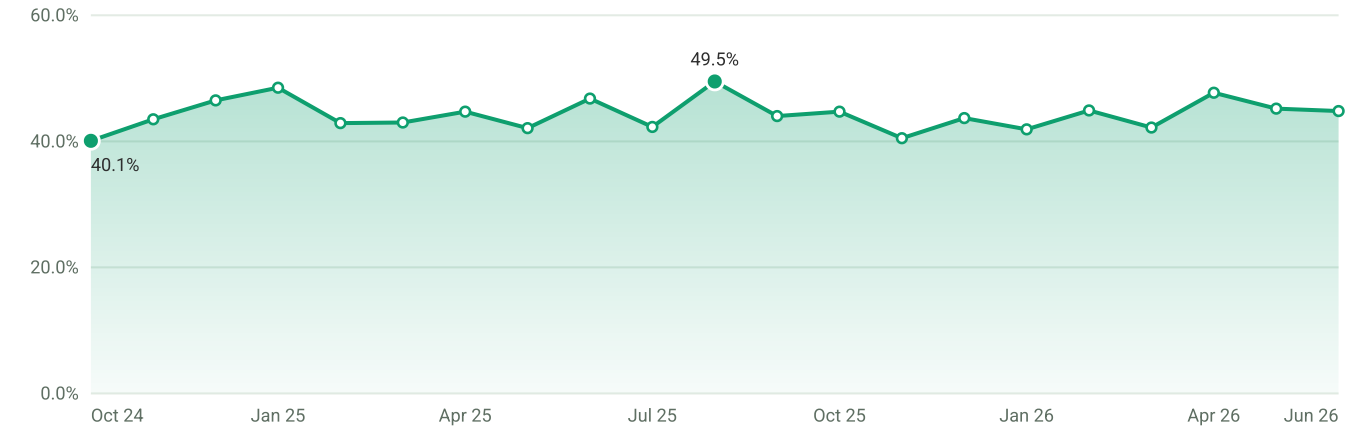

What you'd do about it

All call-outs: 49.1% gross margin, 14.1 points over the 35.0% target ($4,529 ahead on $32,082 in June).
