SAMPLE DATA · invented figures for demonstration

Which products and services are growing?

Period: July 2026. Revenue, gross margin and growth (year on year) by product or service line over 24 months. Pick a line and every number, chart and note follows it.

How final is this data?

July 2026 Locked July 2026 is locked (closed 4 Aug 2026). These numbers won't change.

Services

Gross margin, not profit

Gross margin is not profit. Gross margin = revenue less contractors and consultant time charged to the work at $60 an hour (wages and all on-costs). Not included: consultant time not charged to clients, and overheads (management and admin wages, marketing, rent, IT, insurance, travel, depreciation, interest). Profit is what's left after those. Wages include their on-costs: super (12%) and leave as it's earned. No payroll tax: wages are under Queensland's $1.3 million threshold.

From gross margin to profit

July's client work made $85,775 gross margin (64.3%). Consultant time not charged to client work took $21,048 and overheads $52,050, leaving $12,677 profit before tax (9.5% of revenue). To cover overheads, client work needs a 54.8% gross margin on average.

Gross margin on client work	$85,775
Consultant wages and on-costs	$62,928
Consultant time charged to client work (at cost)	$41,880
Consultant time not charged to client work	$21,048
Gross profit (the P&L)	$64,727
Overheads (operating expenses, depreciation, interest)	$52,050
Profit before tax (the P&L)	$12,677
Revenue	$133,455
Gross margin on client work, %	64.3%
Profit before tax, % of revenue	9.5%
Gross margin client work need just to cover overheads and time not charged	**54.8%**
