SAMPLE DATA · invented figures for demonstration

Which products and services are growing?

Period: January 2026. Revenue, gross margin and growth (year on year) by product or service line over 24 months. Pick a line and every number, chart and note follows it.

How final is this data?

January 2026 Locked January 2026 is locked (closed 3 Feb 2026). These numbers won't change.

Services

Gross margin, not profit

Gross margin is not profit. Gross margin = revenue less contractors and consultant time charged to the work at $60 an hour (wages and all on-costs). Not included: consultant time not charged to clients, and overheads (management and admin wages, marketing, rent, IT, insurance, travel, depreciation, interest). Profit is what's left after those. Wages include their on-costs: super (12%) and leave as it's earned. No payroll tax: wages are under Queensland's $1.3 million threshold.

From gross margin to profit

January's client work made $69,830 gross margin (68.2%). Consultant time not charged to client work took $15,180 and overheads $51,360, leaving $3,290 profit before tax (3.2% of revenue). To cover overheads, client work needs a 65.0% gross margin on average.

Gross margin on client work	$69,830
Consultant wages and on-costs	$45,600
Consultant time charged to client work (at cost)	$30,420
Consultant time not charged to client work	$15,180
Gross profit (the P&L)	$54,650
Overheads (operating expenses, depreciation, interest)	$51,360
Profit before tax (the P&L)	$3,290
Revenue	$102,350
Gross margin on client work, %	68.2%
Profit before tax, % of revenue	3.2%
Gross margin client work need just to cover overheads and time not charged	**65.0%**
