SAMPLE DATA · invented figures for demonstration

Which jobs actually make money?

Period: February 2026. Every job's gross margin: revenue less materials, subcontractors and technician time at $68 an hour (fully loaded: wages and all on-costs). Pick a type of job and every number, chart and note on the page follows it.

How final is this data?

February 2026 Locked February 2026 is locked (closed 3 Mar 2026). These numbers won't change.

In short: Jobs made a 44.9% gross margin in February: maintenance contracts the most (63.9%), installations the least (38.6%).

Gross margin, not profit

Gross margin is not profit. Job gross margin = revenue less materials, subcontractors and technician time charged to the job at $68 an hour (wages and all on-costs). Not included: technician time not charged to any job (travel, training, waiting), and overheads (office wages, marketing, vehicles, rent, insurance, IT, depreciation, interest). Profit is what's left after those. Wages include their on-costs: super (12%) and leave as it's earned. No payroll tax: wages are under Queensland's $1.3 million threshold.

From gross margin to profit

February's jobs made $98,246 gross margin (44.9%). Technician time not charged to jobs took $12,920 and overheads $59,320, leaving $26,006 profit before tax (11.9% of revenue). To cover overheads, jobs need a 33.0% gross margin on average.

Gross margin on jobs	$98,246
Technician wages and on-costs	$72,352
Technician time charged to jobs (at cost)	$59,432
Technician time not charged to jobs	$12,920
Gross profit (the P&L)	$85,326
Overheads (operating expenses, depreciation, interest)	$59,320
Profit before tax (the P&L)	$26,006
Revenue	$218,908
Gross margin on jobs, %	44.9%
Profit before tax, % of revenue	11.9%
Gross margin jobs need just to cover overheads and time not charged	**33.0%**

Job gross margin on each installation invoiced in February 2026

Gross margin %

Gross margin $

What it shows

2 of the 4 installation jobs invoiced in February made less than the 35.0% job gross margin target. The Salisbury gym air-con install made a 31.2% job gross margin: 71.5 h of technician time ($4,862) and $1,300 of subcontractors on a $20,300 job. Jobs need 33.0% gross margin just to cover overheads.

What you'd do about it

2 installations under the 35.0% target, worth about $1,893 between them on $60,700 of revenue. The biggest gap, Kedron shop switchboard upgrade: 32.2% gross margin, 2.8 points under the 35.0% target: about $1,126 on $40,400 of revenue in February. It's below the 33.0% needed to cover overheads, too.

$7,020 at cost, plus 30%

Job gross margin on call-outs by length, February 2026

Gross margin %

Gross margin $

What it shows

57 call-outs in February billed $22,982 of technician time and $9,126 of materials ($7,020 at cost plus 30%), and made a 48.3% job gross margin between them. Gross margins run from 40.5% to 52.7% by length: the hourly rate covers technician time comfortably, so the gross margin mostly moves with how much material goes on the van.

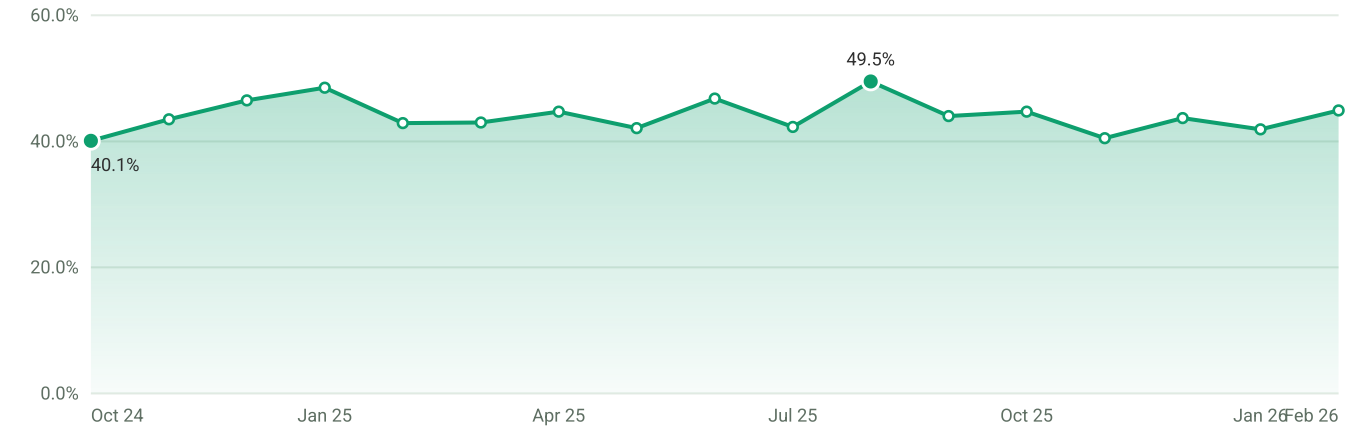

What you'd do about it

All call-outs: 48.3% gross margin, 13.3 points over the 35.0% target ($4,262 ahead on $32,108 in February).
