SAMPLE DATA · invented figures for demonstration

Which products and services are growing?

Period: April 2026. Revenue, gross margin and growth (year on year) by product or service line over 24 months. Pick a line and every number, chart and note follows it.

How final is this data?

April 2026 Locked April 2026 is locked (closed 5 May 2026). These numbers won't change.

Services

Gross margin, not profit

Gross margin is not profit. Gross margin = revenue less contractors and consultant time charged to the work at $60 an hour (wages and all on-costs). Not included: consultant time not charged to clients, and overheads (management and admin wages, marketing, rent, IT, insurance, travel, depreciation, interest). Profit is what's left after those. Wages include their on-costs: super (12%) and leave as it's earned. No payroll tax: wages are under Queensland's $1.3 million threshold.

From gross margin to profit

April's client work made $60,805 gross margin (68.6%). Consultant time not charged to client work took $27,960 and overheads $51,660, leaving ($18,815) profit before tax ((21.2%) of revenue). To cover overheads, client work needs a 89.8% gross margin on average.

Gross margin on client work	$60,805
Consultant wages and on-costs	$54,720
Consultant time charged to client work (at cost)	$26,760
Consultant time not charged to client work	$27,960
Gross profit (the P&L)	$32,845
Overheads (operating expenses, depreciation, interest)	$51,660
Profit before tax (the P&L)	($18,815)
Revenue	$88,665
Gross margin on client work, %	68.6%
Profit before tax, % of revenue	(21.2%)
Gross margin client work need just to cover overheads and time not charged	**89.8%**
