# Which products and services are growing?

**Period: June 2026.** Revenue, gross margin and growth (year on year) by product or service line over 24 months. Pick a line and every number, chart and note follows it.

**How final is this data?**

**June 2026** Locked June 2026 is locked (closed 2 Jul 2026). These numbers won't change.

## Services

**Gross margin, not profit**

Gross margin is not profit. Gross margin = revenue less contractors and consultant time charged to the work at $60 an hour (wages and all on-costs). Not included: consultant time not charged to clients, and overheads (management and admin wages, marketing, rent, IT, insurance, travel, depreciation, interest). Profit is what's left after those. Wages include their on-costs: super (12%) and leave as it's earned. No payroll tax: wages are under Queensland's $1.3 million threshold.

**From gross margin to profit**

June's client work made $81,520 gross margin (63.9%). Consultant time not charged to client work took $20,532 and overheads $52,050, leaving $8,938 profit before tax (7.0% of revenue). To cover overheads, client work needs a 56.9% gross margin on average.

| | |
|---|---|
| Gross margin on client work | $81,520 |
| Consultant wages and on-costs | $60,192 |
| Consultant time charged to client work (at cost) | $39,660 |
| Consultant time not charged to client work | $20,532 |
| Gross profit (the P&L) | $60,988 |
| Overheads (operating expenses, depreciation, interest) | $52,050 |
| Profit before tax (the P&L) | $8,938 |
| Revenue | $127,580 |
| Gross margin on client work, % | 63.9% |
| Profit before tax, % of revenue | 7.0% |
| **Gross margin client work need just to cover overheads and time not charged** | **56.9%** |
