SAMPLE DATA · invented figures for demonstration

Which jobs actually make money?

Period: September 2026. Every job's gross margin: revenue less materials, subcontractors and technician time at $68 an hour (fully loaded: wages and all on-costs). Pick a type of job and every number, chart and note on the page follows it.

How final is this data?

September 2026 Locked September 2026 is locked (closed 2 Oct 2026). These numbers won't change.

In short: Jobs made a 42.7% gross margin in September: maintenance contracts the most (63.9%), installations the least (34.8%).

Gross margin, not profit

Gross margin is not profit. Job gross margin = revenue less materials, subcontractors and technician time charged to the job at $68 an hour (wages and all on-costs). Not included: technician time not charged to any job (travel, training, waiting), and overheads (office wages, marketing, vehicles, rent, insurance, IT, depreciation, interest). Profit is what's left after those. Wages include their on-costs: super (12%) and leave as it's earned. No payroll tax: wages are under Queensland's $1.3 million threshold.

From gross margin to profit

September's jobs made $96,230 gross margin (42.7%). Technician time not charged to jobs took $28,417 and overheads $59,580, leaving $8,233 profit before tax (3.7% of revenue). To cover overheads, jobs need a 39.0% gross margin on average.

Gross margin on jobs	$96,230
Technician wages and on-costs	$79,587
Technician time charged to jobs (at cost)	$51,170
Technician time not charged to jobs	$28,417
Gross profit (the P&L)	$67,813
Overheads (operating expenses, depreciation, interest)	$59,580
Profit before tax (the P&L)	$8,233
Revenue	$225,460
Gross margin on jobs, %	42.7%
Profit before tax, % of revenue	3.7%
Gross margin jobs need just to cover overheads and time not charged	**39.0%**

Job gross margin on each installation invoiced in September 2026

Gross margin %

Gross margin $

What it shows

2 of the 6 installation jobs invoiced in September made less than the 35.0% job gross margin target. The Wacol warehouse switchboard made a 22.7% job gross margin: 150.0 h of technician time ($10,200) and $7,400 of subcontractors on a $52,400 job. Jobs need 39.0% gross margin just to cover overheads.

What you'd do about it

2 installations under the 35.0% target, worth about $6,513 between them on $83,100 of revenue. The biggest gap, Wacol warehouse switchboard: 22.7% gross margin, 12.3 points under the 35.0% target: about $6,440 on $52,400 of revenue in September. It's below the 39.0% needed to cover overheads, too.

Materials charged, September
$9,594
$7,380 at cost, plus 30%

Job gross margin on call-outs by length, September 2026

Gross margin %

Gross margin $

What it shows

64 call-outs in September billed $24,216 of technician time and $9,594 of materials ($7,380 at cost plus 30%), and made a 48.3% job gross margin between them. Gross margins run from 41.2% to 51.8% by length: the hourly rate covers technician time comfortably, so the gross margin mostly moves with how much material goes on the van.

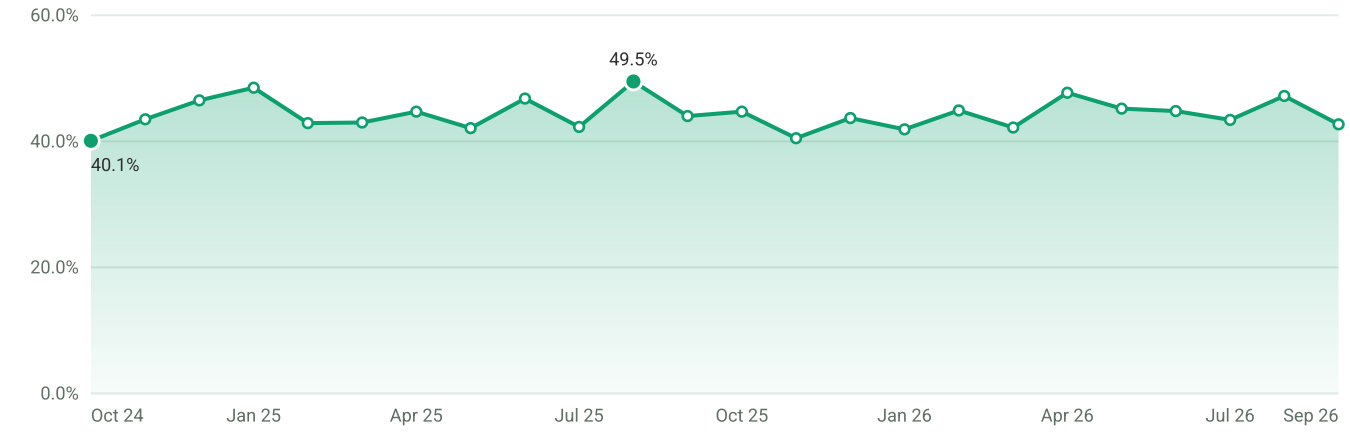

What you'd do about it

All call-outs: 48.3% gross margin, 13.3 points over the 35.0% target ($4,499 ahead on $33,810 in September).
